NEW

DESIGN

New Citroën C3 Aircross SUV's personality is even more assertive, and now it exudes more status, strength and modernity than ever before. The chrome-trimmed chevrons have been upgraded and extended out towards the Eco-LED lights. The distinct geometric pattern on its redesigned front grille, and an aluminium-grey skid plate with coloured inserts both further enhance its robust character.

New **17 inch** Origami wheels

**MORE STRIKING
CHARACTER**

New Citroën C3 Aircross SUV has a muscular and powerful stance that's enhanced by its high, horizontal bonnet, generous volumes and lower body and wheel arch protectors. Its SUV credentials are clear from the very first look. The distinct design provides a feeling of well-being, airiness and further emphasises its strong and unique personality.

NUMEROUS CUSTOMI SATION CHOICES

With seven body colours, three roof colour choices and four exterior colour packs, New Citroën C3 Aircross SUV can be configured to suit your individual tastes. To help you personalise in the way that's perfect for you, every detail has been considered; including coloured inserts in the front skid plate; colour coded mirror housings, and rear quarter windows available with unique designs.

**COLOUR
PACKS**

STANDARD AMBIENCE

The sleek, clean design features seat upholstery in Mica Grey fabric combined with a textured grey dashboard.

METROPOLITAN GRAPHITE AMBIENCE

Opulent and fashion-forward, this combines black leather-effect and flecked-grey cloth upholstery with a wrapped dashboard. The seat backrests feature a transverse strip with a textured light wood effect. The refinement is further enhanced by Citroën's new hallmark oversteitching in the form of stylised chevrons.

HYPE GREY AMBIENCE*

This refined, top of the range ambience combines grey-green leather and black leather effect upholstery with a wrapped dashboard. The seat backrests feature Citroën's new hallmark oversteitching in the form of stylised chevrons.

**Optional ambience.*

3 INTERIOR AMBIENCES

The interior design of New Citroën C3 Aircross SUV takes inspiration from the worlds of travel, fashion and furniture. Three very different ambiances are available, with each bringing unique decorative features to create a unique mood.

PANORAMIC GLASS SUNROOF*

Its large glass surface and extensive opening offer both driver and passengers exceptional light and a feeling of wellbeing whether open or closed. It's unique in this SUV category. Two electronic controls allow you to open the roof and position the blind effortlessly. For even greater comfort, New Citroën C3 Aircross SUV also has integral rear passenger window shades.*

** Features vary by model/trim level and may be standard or optional.*

ADVANCED COMFORT SEATS

At the core of our comfort mission, New Citroën C3 Aircross SUV is now equipped with seats that bring a level of comfort inspired by the luxury furniture industry. These seats offer unrivalled support and driving comfort.

Their inviting appearance immediately encourages you to take a seat, thanks to their innovative, typically Citroën design. The combination of a variety of textured foams provides for surface comfort akin to that of a mattress topper, whilst the core of the seats, ensures excellent support for driver and passengers alike.

A SPACIOUS AND FUNCTIONAL PASSENGER COMPARTMENT

Thanks to its height and ingenious architecture, New Citroën C3 Aircross SUV combines two key values: external compactness whilst providing a large and versatile amount of usable space on the inside. It boasts one of the largest passenger compartments in its segment. No matter which seat you're in, all offer exceptional headroom and generous legroom.

New Citroën C3 Aircross SUV now features a redesigned centre-console, with cup holders and a storage compartment (with sliding cover) accessible to both front and rear passengers. Additional storage spaces include a pen holder and storage in front of the gear lever. The generous front and rear door pockets provide space for additional items.

THE MOST MODULAR SUV IN ITS CATEGORY

FLAT FOLDING FRONT
PASSENGER SEAT*

SLIDING REAR
BENCH SEAT*

New Citroën C3 Aircross SUV benefits from unrivalled modularity thanks to its 1/3-2/3 split, sliding rear bench seat* which can be moved as two independent sections. A flat folding front passenger seat* affords even greater flexibility and a load length of up to 2.40 m.

** Features vary according to model/trim selected and may be standard or optional.*

EXCEPTIONAL BOOT SPACE

New Citroën C3 Aircross SUV boasts a remarkable boot volume of 410 litres, which can easily and effortlessly be increased to 520 litres thanks to its sliding rear bench seat*. Access to the boot is made easy via the wide, easy-open rear tailgate. New Citroën C3 Aircross SUV also has a flex load/pull out boot floor* enabling you to load tall items. In the high position, the adjustable boot floor creates a uniform, flat floor when the seats are folded, to make loading easier. If required, for additional flexibility, the parcel shelf can easily be removed and conveniently stowed vertically against the back of the rear seats.

** Features vary according to model/trim selected and may be standard or optional.*

A close-up, black and white photograph of the front headlight assembly of a Citroën C3 Aircross SUV. The image shows the intricate details of the multi-lens headlight housing, including the main driving lights and a smaller side light. The car's body panels are visible, showing a sleek, modern design.

TECHNO LOGY

New Citroën C3 Aircross SUV is packed full of the latest-generation technology for enhanced safety and peace of mind.

GRIP CONTROL

WITH HILL DESCENT ASSIST

Grip Control* adapts the traction of the vehicle's front wheels according to the terrain you're on. You can allow Grip Control to act automatically via the standard mode or you can select one of the five modes (Standard, Snow, Mud, Sand, ESP OFF) yourself. Thanks to this system, New Citroën C3 Aircross SUV can venture out on all types of road, whatever the conditions. Working with the Grip Control*, Hill Descent Assist holds the vehicle at a low speed, to keep you in control and safe even on steep slopes. It helps reduce the risk of the vehicle slipping or running away as

** Optional feature.*

it travels downhill, when moving forwards as well as in reverse. This feature is activated by pressing the dedicated button on the centre console.

COLOUR HEADS-UP DISPLAY*

For greater safety, the driver is provided with essential driving information directly within their line of sight: speed, cruise control-speed limiter settings, collision alert and navigation guidance are shown in colour on a retractable display.

** Features vary according to model/trim selected and may be standard or optional.*

CONNECTIVITY

New Citroën C3 Aircross SUV offers innovative, useful and easy to use connectivity solutions. Citroën Connect Nav* can be controlled by voice recognition or via the 9" capacitive touchscreen*. It can be configured to provide real-time traffic information, Speedcam alerts, locations of car parks, service stations, fuel prices and even weather forecasts.

With the Citroën Connect Play technology, incorporating Android Auto and Apple CarPlay™, it's possible to connect a compatible smartphone and control compatible apps directly from the touchscreen.

Citroën Connect Box* combines emergency callout and roadside assistance services. These are free services, available 24 hours a day, seven days a week, that guarantee precise vehicle locating and a rapid emergency services response, in the event of breakdown, illness or accident.

** Features vary according to model/trim selected and may be standard or optional.*

EFFICIENT 3 ENGINES

New Citroën C3 Aircross SUV is equipped with a range of economical and efficient engines.

The PureTech 110 S&S and PureTech 130 S&S naturally aspirated and turbocharged engines belong to the PureTech family of petrol engines. This range of engines reduces fuel consumption and CO₂ emissions, while at the same time being even more lively than the previous generation.

The BlueHDi 110 S&S engine benefits from technology that continuously processes the engine's pollutant emissions, thus complying with Euro 6 standards. The exhaust system has three emission-control components: the oxidation catalyst, the additive particle filter (which processes the particles by number and by mass), and the Selective Catalytic Reduction system, positioned upstream of the filter, which reduces the nitrogen oxides (NO_x) emitted by the engine.

EAT6

AUTOMATIC GEARBOX

A 6-speed EAT6 (Efficient Automatic Transmission) automatic gearbox, coupled with a Stop&Start system, is available with the PureTech 130 S&S engine. This ensures seamless gear changes resulting in smooth acceleration and a high level of operating comfort. It helps to make everyday journeys even more enjoyable.

DIMENSIONS

Engine	PureTech 110 S&S 6-speed manual	PureTech 130 S&S 6-speed automatic	BlueHDi 110 S&S 6-speed manual
FUEL CONSUMPTION FIGURES AND CO₂ EMISSIONS WLTP⁽¹⁾⁽²⁾			
Low l/100 km	6.8 - 7.7	7.9 - 8.7	4.6 - 5.1
Medium l/100 km	5.3 - 6.4	5.9 - 6.8	4.0 - 4.6
High l/100 km	4.7 - 5.9	5.1 - 5.9	3.7 - 4.5
Extra High l/100 km	5.8 - 7.4	6.1 - 7.5	4.6 - 5.7
Combined l/100 km	5.5 - 6.8	6.0 - 7.0	4.2 - 5.0
CO ₂ Emissions (g/km) (1)	134 - 154	140 - 158	123 - 132

(1) Figures shown are for comparison purposes and should only be compared to the range values of other cars tested to the same technical standard. The range achieved in real world conditions will depend upon a number of factors: (including but not limited to) the accessories fitted (pre and post registration), variations in weather, driving styles and vehicle load. The WLTP (Worldwide Harmonised Light Vehicles Test Procedure) is used to measure fuel consumption (and zero emissions range) and CO₂ figures. These CO₂ figures are used to calculate the Vehicle Registration Tax (VRT) for the first registration of the vehicle. The CO₂ figures display range to reflect the highest value for the highest emitting version with all available options added, through to a minimum value to represent the lowest emitting version in standard specification.
